Company Profile | 公司簡介

We are cotton manufacturing professionals.

Suzuran has more than 180 years of history in cotton.

From our head office in Nagoya, Japan we manage manufacturing and branding around the world.

Our company started producing cotton bedding in 1833, and in 1935 started making absorbent cotton for medical use.

In 1968 the company name was changed to the current "Suzuran Sanitary Goods Co., Ltd."

In the 1990s, two factories were founded in China (Shanghai Linglan and Suzhou Linglan).

By the beginning of the 21st century, the Changzhou factory (Changzhou Linglan) had been completed.

In 2017, a new factory was founded in Vietnam designed to ship semi-finished products around the world.

We pride ourselves in quality, professionalism, and on-time shipping.

We have leveraged our deep understanding consumer needs and cotton manufacturing to become a leading supplier of absorbent cotton, medical gauze, disinfecting wipes, face masks, cosmetic cotton and baby products.

Our manufacturing and technical expertise come directly from Japan.

All factories are managed from Japan and products are designed to meet Japan quality standards.

Factories have modern GMP quality control standards, meeting ISO 9001, ISO 13485, Oeko-Tex, as well as meeting BSCI compliance standards.

Suzuran owns several famous international brands such as LilyBell and Suzuran Baby, as well as providing store brand and OEM manufacturing to clients around the world.

Now, we focus on medical gauze, hygiene products, cosmetic cotton, and baby care products. From our strong market share and manufacturing base in East Asia, Suzuran is now forging partnerships with clients worldwide.

Our goal is to provide consumers with products that provide the maximum benefit.
